| <p>This is your Planned Usage Survey that identifies your Group B commodities that will be delivered into US Foodservice throughout SY 2006. Please remember that both the planned usage survey and the cheese processing survey draw from the Group B entitlement. Therefore, combine your planned usage with your cheese survey to ensure you have not exceeded your Group B entitlement prior to submitting the surveys. If you need money moved to/from Group A/B, please contact Tristine Bogle at 602-542-8781 with your request.</p> |                         |                          |                          |                          |  |
